THE F.A.S.T. MILITARY CAREER

A one-size-fits-all force no longer works. The military needs a new system. Under F.A.S.T., service members have flexible pathways for a successful military career. F.A.S.T. replaces one-size-fits-all with new avenues of service that keeps top-performers in uniform, builds technical expertise, and allows high-potential service members to rise through the ranks quickly.
