Creating a Coordinated, Integrated Early Care and Education System: State Early Childhood Administration

American families are faced with the challenge of finding and affording quality child care. Parents must navigate a patchwork system of providers, and for many, the system (or lack thereof) can make finding, accessing, and affording this care a nightmare. This is especially true for low-income families who must also navigate the subsidy system. And once in a program, dealing with the fragmentation of services further costs parents time and money. For example, when children age out of Early Head Start at age 3, parents are required to reapply for Head Start.

While Congress allocates billions of dollars to federal agencies for ECE, state governments are tasked with coordinating and combining the many different ECE funding streams allocated to them. The way states administer these funds can result in inconsistencies in program implementation and monitoring, leading to even more frustration for families. Requests for studies from the U.S. Government Accountability Office (GAO) dating back to 1994 show a consistent belief that there would be sufficient funding to serve most children if duplication and overlap of ECE funds were reduced and states aligned programs more efficiently. States, on the other hand, frequently point to the federal government as the reason for the duplication.

Congress, however, intended for states to be more aggressive in coordinating ECE programs with the creation of the State Advisory Council (SAC) for Early Childhood Education and Care in the Improving Head Start for School Readiness Act of 2007. SACs are responsible for supporting state efforts in identifying opportunities for collaboration and coordination among ECE programs and facilitating the development of high quality ECE systems. Despite SACs being required by law, only 45 states and the District of Columbia have functioning SACs.

Additionally, while GAO reports have provided more information on administration at the federal level, there remains little information about administration at the state level. A 2017 GAO report on the topic of fragmentation and overlap in ECE found that, at the federal level, there was improved coordination resulting in more efficient administration of funds. The report identified nine major programs with an explicit purpose of providing support to early learning or child care programs. To date, however, GAO has not looked at state implementation of the nine federal funding streams.

The Bipartisan Policy Center set out to examine in greater depth the issues of administration (governance), coordination, and integration by reviewing the requirements set forth in the various authorizing statutes and followed by federal agency requirements, as well as how the states were administering ECE funds. For all but one federal program, governors have wide discretion with regard to the administration and coordination of these funds.

With this in mind, BPC is making recommendations at the federal and state level with an eye towards further reducing duplication and improving results for families. These recommendations are summarized in the full report. The following summarizes the findings for Hawaii.

**RECOMMENDATIONS FOR HAWAII’S EARLY CARE AND EDUCATION SYSTEM**

- Increase efficiency and cost-effectiveness of monitoring and oversight by aligning administration of the Child Care and Development Fund (CCDF) with state Pre-K and the Child and Adult Care Food Program.
- Improve program alignment and efficiency by colocating CCDF with state Pre-K and the Head Start Collaboration Office.
- Facilitate cross-agency communication to ensure seamless coordination and transition for IDEA Part C (infants/toddlers) and Part B, Section 619 (3-5 year olds).
- Ensure the State Advisory Council for Early Education and Care, mandated by the Improving Head Start for School Readiness Act of 2007, is fulfilling its required activities, including conducting a statewide needs assessment on the quality and availability of early care and learning programs.
- Ensure program quality by supporting the development of a state Quality Rating and Improvement System with licensing as its entry level.
Flow of Federal Early Childhood Funds: Hawaii

**State Advisory Council (SAC)**
The Early Learning Advisory Board is tasked with formulating statewide policy on early learning and directs the Executive Office on Early Learning (EOEL) on how best to meet the developmental and educational needs of children. It also provides recommendations to EOEL on promoting collaboration across agencies and stakeholders.

**Quality Rating Improvement System (QRIS)**
The state's QRIS pilot ended in 2014 and it currently does not have a QRIS.

**Local Institutions**
- Early Head Start-Child Care Partnership
  - Grants to local organizations

**KEY**
- Funding mandated for State Departments of Education
- Funding provided directly to local organizations
- State does not receive funding

---

**Department of Education**
- Office of Curriculum, Instruction and Student Support, Special Education Section
  - Part B, Section 619
  - Part C
- Early Learning Board, Executive Office on Early Learning, Public Prekindergarten Program
  - SAC
  - Head Start Collaboration Office
- Child Nutrition Programs
  - CACFP

**Department of Human Services, Benefit, Employment and Support Services**
- Child Care Licensing
  - CCDF
- Temporary Assistance for Needy Families
  - TANF
- Child Care Connection - Child Care Subsidy
  - CCDF and State Pre-K Subsidies
- Child Care Program - Quality Rating Improvement System
  - CCDF

**Department of Agriculture**
- Food & Nutrition Service
  - CACFP

**Department of Health and Human Services**
- Office of Head Start
  - CCDF PDG
- Office of Child Care Assistance
  - TANF
- Office of Family Assistance
  - TANF

**Local Institutions**
- State Public Charter School Commission
  - PDG
- State Pre-K Child Care Connection - Child Care Subsidy
  - CCDF and State Pre-K Subsidies
- Early Head Start-Child Care Partnership
  - Grants to local organizations

**Local Head Start Programs**
## ECE Funding in Hawaii

### BPC Reviewed

BPC reviewed the following federally-funded programs to assess the efficiency and integration of Hawaii’s early care and education system.

- Child Care and Development Fund (CCDF)
- Head Start
- Child Care Access Means Parents in School (CCAMPIS)
- Early Intervention Program for Infants and Toddlers with Disabilities (IDEA Part C)
- Preschool Development Grants (PDG)
- Preschool Grants for Children with Disabilities (IDEA Part B, Section 619)
- Promise Neighborhoods
- Striving Readers Comprehensive Literacy
- Child and Adult Care Food Program (CACFP)
- Temporary Assistance for Needy Families (TANF)
- Early Head Start - Child Care Partnership (EHS-CCP)
- Race to the Top, Early Learning Challenge

### Number of Children Under Age 6

- **UNDER 3**: 53,112
- **3-4 YEARS OLD**: 37,047
- **5 YEARS OLD**: 18,453

### Percentage of Children in Poverty

- **10.7%**

### Median Family Income

- **2-PERSON FAMILY**: $72,867
- **4-PERSON FAMILY**: $97,849
Understanding and Aligning Eligibility Across Programs

Eligibility Requirements Set by State

**Child Care And Development Fund**
Children through age 12 are eligible; children with mental and physical disabilities and those in protective services are eligible through age 17. No minimum required parental work hours. Training, education (high school, GED classes, postsecondary education), job searching, and working are approved activities for eligibility. ESL classes are not approved. For initial and continuing eligibility a family of two must earn $3,179 or less per month and a family of four must earn $4,675 or less per month. In 2018, states will begin to see an increase in CCDF funding due to the $2.37 billion increase to the Child Care and Development Block Grant (CCDBG) passed in the Consolidated Appropriations Act of 2018.

**State Pre-K (FY17)**
4-year-olds at or below 250 percent of federal poverty level are eligible for the Executive Office on Early Learning’s Public Prekindergarten Program, the state’s Pre-K program.

| Total State Spending on Pre-K: | $2,500,000 |
| Local Match: | No |
| Total State Head Start Spending: | $0 |
| Total FY 2017 Enrollment: | 376 |

**IDEA Part C (infant/toddler)**
Children birth to age 3 with an evaluation score that is < -1.4 SD in at least one domain or sub-domain, an evaluation score that is < -1.0 SD in at least two domains or sub-domains, clinical opinion when a score cannot be obtain by an evaluation instrument, or a medical diagnosis that has a high probability of resulting in developmental delay.

Eligibility Requirements Set Federally

**CACFP**
Public or private nonprofit child care institutions which are licensed or approved may participate. For profit centers must receive title XX funds for at least 25 percent of enrolled children or licensed capacity or at least 25 percent of the children in care must be eligible for free and reduced price meals. A family or group day care home must sign an agreement with a sponsoring organization to participate and must be licensed or approved.

**Head Start**
Children birth to age five living in poverty are generally eligible. Children with disabilities, children whose families receive TANF or SSI, children whose families are homeless, or children who are in foster care are categorically eligible.

**IDEA Part B, Section 619 (3-5 years)**
Children three to five years, who have any of the qualifying IDEA Part B overall conditions (Developmental Delay, Deaf-Blindness, Emotional Disturbance, Hearing Impairment, Mental Retardation, Multiple Disabilities, Orthopedic Impairment, Other Health Impairment, Specific Learning Disabilities, Speech and Language Impairment, Visual Impairment, Autism and Traumatic Brain Injury) are eligible.

---

Preparing our children for future success should be an American issue, not a partisan issue. BPC is working to bring together voices from both parties to empower and support children and working families.
