Creating a Coordinated, Integrated Early Care and Education System: State Early Childhood Administration

American families are faced with the challenge of finding and affording quality child care. Parents must navigate a patchwork system of providers, and for many, the system (or lack thereof) can make finding, accessing, and affording this care a nightmare. This is especially true for low-income families who must also navigate the subsidy system. And once in a program, dealing with the fragmentation of services further costs parents time and money. For example, when children age out of Early Head Start at age 3, parents are required to reapply for Head Start.

While Congress allocates billions of dollars to federal agencies for ECE, state governments are tasked with coordinating and combining the many different ECE funding streams allocated to them. The way states administer these funds can result in inconsistencies in program implementation and monitoring, leading to even more frustration for families. Requests for studies from the U.S. Government Accountability Office (GAO) dating back to 1994 show a consistent belief that there would be sufficient funding to serve most children if duplication and overlap of ECE funds were reduced and states aligned programs more efficiently. States, on the other hand, frequently point to the federal government as the reason for the duplication.

Congress, however, intended for states to be more aggressive in coordinating ECE programs with the creation of the State Advisory Council (SAC) for Early Childhood Education and Care in the Improving Head Start for School Readiness Act of 2007. SACs are responsible for supporting state efforts in identifying opportunities for collaboration and coordination among ECE programs and facilitating the development of high quality ECE systems. Despite SACs being required by law, only 45 states and the District of Columbia have functioning SACs.

Additionally, while GAO reports have provided more information on administration at the federal level, there remains little information about administration at the state level. A 2017 GAO report on the topic of fragmentation and overlap in ECE found that, at the federal level, there was improved coordination resulting in more efficient administration of funds. The report identified nine major programs with an explicit purpose of providing support to early learning or child care programs. To date, however, GAO has not looked at state implementation of the nine federal funding streams.

The Bipartisan Policy Center set out to examine in greater depth the issues of administration (governance), coordination, and integration by reviewing the requirements set forth in the various authorizing statutes and followed by federal agency requirements, as well as how the states were administering ECE funds. For all but one federal program, governors have wide discretion with regard to the administration and coordination of these funds.

With this in mind, BPC is making recommendations at the federal and state level with an eye towards further reducing duplication and improving results for families. These recommendations are summarized in the full report. The following summarizes the findings for Iowa.

**STRENGTHS OF IOWA'S EARLY CARE AND EDUCATION SYSTEM**

- Iowa manages five programs serving children—Head Start Collaboration Office; state Pre-K; Child and Adult Care Food Program (CACFP); IDEA Part C; IDEA Part B, Section 619—under one agency, which improves efficiency and allows for better alignment of eligibility and monitoring requirements and quality improvement activities.
- IDEA Part C and Part B, Section 619 are administered within the same agency, which supports a smooth transition for parents.

**RECOMMENDATIONS FOR IOWA’S EARLY CARE AND EDUCATION SYSTEM**

- Improve program alignment and efficiency by colocating administration of the Child Care and Development Fund with state Pre-K and the Head Start Collaboration Office.
- Ensure the State Advisory Council for Early Education and Care, mandated by the Improving Head Start for School Readiness Act of 2007, is fulfilling its required activities, including conducting a statewide needs assessment on the quality and availability of early care and learning programs.
- Ensure program quality by including licensing as the entry level for state Quality Rating and Improvement System.
Flow of Federal Early Childhood Funds: Iowa

**Key:**
- Funding mandated for State Departments of Education
- Funding provided directly to local organizations
- State does not receive funding

**Office of the Governor**

**Department of Health and Human Services**
- Office of Head Start
  - CCDF
  - PDG
- Office of Family Assistance
  - TANF

**Department of Agriculture**
- Food & Nutrition Service
  - CACFP

**Department of Education**
- Office of Special Education and Rehabilitative Services
  - Part B, Section 619
  - Part C
- Office of Postsecondary Education
  - CCAMPIS

**Department of Management**
- SAC

**Department of Human Services**
- Division of Adult, Children and Family Services
- Bureau of Child Care Services - Child Care Licensing, Subsidy and Quality Rating Improvement System
  - CCDF
- Bureau of Financial Health and Work Supports
  - TANF

**State Advisory Council (SAC)**
- The Early Childhood Stakeholder Alliance is a confederation of stakeholders in early care, health and education systems that affect children birth to age five in the state. It oversees and advises the development of a comprehensive, integrated early childhood system; supports the Early Childhood Iowa State Board in addressing the systems that affect children birth to age five; and advises the governor, other public and private policy bodies, and service providers to coordinate activities and policies related to the early childhood system.

**Quality Rating Improvement System (QRIS)**
- Iowa’s Quality Rating System has five levels with higher levels indicating higher levels of quality. The QRIS is operated at the state level and participation is voluntary.

**Local Institutions**
- Early Head Start-Child Care Partnership
  - Grants to local organizations
- Local Head Start Programs

**To Institutions of Higher Education in the State**

**Local** Institutions

**BPC Reviewed**

BPC reviewed the following federally-funded programs to assess the efficiency and integration of Iowa’s early care and education system.

- Child Care and Development Fund (CCDF)
- Head Start
- Child Care Access Means Parents in School (CCAMPIS)
- Early Intervention Program for Infants and Toddlers with Disabilities (IDEA Part C)
- Preschool Development Grants (PDG)
- Preschool Grants for Children with Disabilities (IDEA Part B, Section 619)
- Promise Neighborhoods
- Striving Readers Comprehensive Literacy
- Child and Adult Care Food Program (CACFP)
- Temporary Assistance for Needy Families (TANF)
- Early Head Start - Child Care Partnership (EHS-CCP)
- Race to the Top, Early Learning Challenge

### Number of Children Under Age 6

- **UNDER 3** 117,459
- **3-4 YEARS OLD** 79,936
- **5 YEARS OLD** 39,979

### Percentage of Children in Poverty

17.9%

### Median Family Income

- **2-PERSON FAMILY** $64,221
- **4-PERSON FAMILY** $91,006
Eligibility Requirements Set by State

Child Care And Development Fund

Children through age 12 are eligible; children with mental and physical disabilities are eligible through age 18. Each parent must work a minimum of 28 hours per week. Training, education (high school, GED, ESL classes, postsecondary education), job searching, and working are approved activities for eligibility. For initial and continuing eligibility a family of two must earn $1,925 or less per month and a family of four must earn $2,931 or less per month.

In 2018, states will begin to see an increase in CCDF funding due to the $2.37 billion increase to the Child Care and Development Block Grant (CCDBG) passed in the Consolidated Appropriations Act of 2018.

State Pre-K (FY17)

3- and 4-year-olds, regardless of household income, are eligible for the Voluntary Statewide Preschool Program; 3- and 4-year-olds and at or below 130 percent of federal poverty level are eligible for Shared Visions, the state’s Pre-K program.

Total State Spending on Pre-K: $83,791,732
Local Match: Yes (Shared Visions)
Total State Head Start Spending: $0
Total FY 2017 Enrollment: 26,073

IDEA Part C (infant/toddler)

Children under age 3 years with 25 percent developmental delay in at least one of five developmental areas or with a developmental delay condition are eligible.

Eligibility Requirements Set Federally

CACFP

Public or private nonprofit child care institutions which are licensed or approved may participate. For profit centers must receive title XX funds for at least 25 percent of enrolled children or licensed capacity or at least 25 percent of the children in care must be eligible for free and reduced price meals. A family or group day care home must sign an agreement with a sponsoring organization to participate and must be licensed or approved.

Head Start

Children birth to age five living in poverty are generally eligible. Children with disabilities, children whose families receive TANF or SSI, children whose families are homeless, or children who are in foster care are categorically eligible.

IDEA Part B, Section 619 (3-5 years)

Children three to five years, who have any of the qualifying IDEA Part B overall conditions (Developmental Delay, Deaf-Blindness, Emotional Disturbance, Hearing Impairment, Mental Retardation, Multiple Disabilities, Orthopedic Impairment, Other Health Impairment, Specific Learning Disabilities, Speech and Language Impairment, Visual Impairment, Autism and Traumatic Brain Injury) are eligible.

Preparation for our children for future success should be an American issue, not a partisan issue. BPC is working to bring together voices from both parties to empower and support children and working families.
