

## ACKNOWLEDGEMENTS

The Bipartisan Policy Center would like to thank Reps. Will Hurd (R-TX) and Robin Kelly (D-IL) for their guidance, support, and engagement throughout the entire drafting process.

BPC is grateful to the numerous industry and civil society thought leaders who helped inform, and/or offered feedback on, this series of white papers on artificial intelligence. Those individuals are listed below. Their inclusion below does not indicate an endorsement of the papers' findings. We also offer a special thanks to Amazon, Bank of America, Cotiviti, IEM, Johnson & Johnson, KPMG, Palantir, Prudential and Workday for their generous financial support.

Several BPC staff members also contributed to this work. Jordan LaPier, Michele Nellenbach, Matt Sifert, John Soroushian, Jason Fichtner, and Meron Yohannes provided valuable insights over the course of the project. Wynton Henderson designed and styled each white paper. Niña Ledonio and Alex Trollip also contributed to the work from the project's inception.
