Demand for long-term services and supports (LTSS) will grow dramatically:

- **2010**: 12 million
- **2050**: 27 million

LTSS spending will double as a share of the economy*:

- **2000-present**: 1.3% GDP
- **Present-2050**: 3% GDP

Potentially catastrophic costs of LTSS:

- **$100,000**
- 16% of people 65 and older will need over

More than half of spending on LTSS is out of pocket:

- **Private LTC Insurance**: 42%
- **Medicaid**: 5%
- **Out of Pocket**: 53%
