BPC4	<i>Who do you trust most to make decisions about what benefits are covered by your insurance?</i>		
	Federal government	85	4%
	State government	48	2%
	Employers	99	4%
	Insurers	102	5%
	Myself	1443	66%
	Nobody	181	8%
	Dont know/No opinion	243	11%

Question	Response	Frequency	Percentage
BPC5	<i>Who do you trust most to make decisions about how much you pay for premiums and other out-of-pocket costs?</i>		
	Federal government	128	6%
	State government	86	4%
	Employers	116	5%
	Insurers	121	6%
	Myself	1220	55%
	Nobody	289	13%
	Dont know/No opinion	241	11%
BPC6	<i>Which of the following statements come closest to your views on how to improve health care?</i>		
	The federal government should take the lead role in making sure health care is affordable through regulations and by placing limits on the prices that can be charged for medical services and products.	853	39%
	Health care would be better and less expensive if it operated more like other markets in our economy, with consumers making more decisions. The government would help people get insurance, but consumers would choose how much they pay based on the provider they select.	1047	48%
	Dont know/No Opinion	302	14%
BPC7	<i>Which approach to changing health care in America are you most comfortable with?</i>		
	Moving to a single-payer system similar to the Medicare program	381	17%
	Reforming the Affordable Care Act (aka Obamacare) to lower premiums and cost-sharing for those without employer coverage, made affordable through more generous tax credits and greater cost containment	648	29%
	Privatizing the health care market including Medicare and Medicaid programs	165	7%
	Implementing a market-driven approach with less government involvement where consumers pay more when they elect to get care from more expensive providers and less when they elect to get care from less expensive providers	470	21%
	Other (please specify):	49	2%
	Dont know/No opinion	489	22%

Question	Response	Frequency	Percentage
BPC8_1	<i>How willing would you be to support a universal, single-payer health care system run by the United States government that ensured every person had generous health coverage with lower out-of-pocket costs if each of the following changes to the current health care system occurred? Elimination of employer-based insurance coverage</i>

Question	Response	Frequency	Percentage
BPC10_1NET	<i>Some say that federal spending on major health care programs including Medicare, Medicaid, the Children’s Health Insurance Program, and health insurance subsidy payments is expected to double in the next 10 years, to \$2 trillion, due to our country’s aging population and the rising costs of health care. Furthermore, in just 8 years, the Medicare program is expected to run short of the funds needed to pay for all the health care costs for people enrolled in the program. Knowing this, what do you believe the federal government should do to ensure that major health care programs are financially sustainable? Please select all that apply. - Increase federal taxes</i>
